

January is **poverty** in America Awareness Month.

**This is life below the poverty line.**

For the 37 million Americans living in poverty, every day is about hanging on. It's a hard way to live. But working together, we can make a difference. Please join the numbers who care.

*For a three person household,  
the Poverty Line is \$16,079.*

**Go to [povertyusa.org](http://povertyusa.org) and get involved.**
